The country is full of people, whose families driving through the nation looking the country over. He went to Ft. Hill a few days ago and on the road met several hundred prospectors.

MEAN LIE ABOUT GALVESTON.

To the Public—Some intemperate dog with a head like a pistol and not enough brains to fill the head of a flea and the soul of a leech, has been mean enough to originate a report that the Galveston relief commission has received \$25,000,000 for charitable purposes of that stricken city. I wish in the most public manner to brand the statement as an infamously libelous, baseless lie that will work untold hardships on over 2,000 homeless, destitute and almost starving people. The true total of the Galveston relief fund does not up to date aggregate \$1,000,000. It will take \$2,000,000 to bridge their afflictions. Very respectfully,
B. HARD HUNTER,
Secretary Office, Wagoner, J. T., Oct. 2, 1901.

TURNER AND BOND.

Council of Oklahoma City Investigate Recent Deal.

Report to Daily Leader.

Oklahoma City, Okla., Oct. 1—The city council has investigated the recent deal for the water works bonds. It wanted to know if a resolution was offered to purchase them, \$100,000 were voted, and in the deal the mayor figured that the city was losing several thousand dollars on the proposition accepted from M. L. Turner. After the investigation a few propositions were made and accepted which is claimed to have saved the city \$1,500, that much of an increase over the original price.

Mr. Turner was present in person at the city council and was asked to explain the deal. He said that he had purchased a house in Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommended it to the public. For sale by G. B. Reuter.

WANT NEFF AND A NEW DEAL.

Mr. J. G. Yarnum, proprietor of the Hotel Inn at Grand Chief, was at the Indian headquarters today and says that the county will give a routing majority for the whole Democratic ticket and will elect the entire county ticket. The fusion forces are in line for Neff and a new deal.

On the 10th of December, 1897, Rev. J. A. Donahoe, pastor M. E. Church, South Ft. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of medical specifics, usually kept in the house to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommended it to the public." For sale by G. B. Reuter.
